WEDDED TO BRIGHTON BEACH.

The Four Famous Jockeys who Will Stick to Guttenburg.

The members of the Board of Control experferred a considerable shock when the news of Starter James F. Caldwell reached them through the medium of the newpapers. They have been put through the regular course of interviewing, and it can readily be seen by their remarks that they are much put out. Affected indifference is plainly apparent in every interview, and on careful purusal it will be seen that several of the gentlemen speak petulantly, as would a child deprived of a lavorite toy. It is also astonishing how former fast friends of Mr. Caldwell have switched over in their estimate of his ability as a starter, and how of Mr. caldwell was never mentioned, is being eulogized up to the skies. Mr. Rowe is a good starter there is no doubt, but it will take will not be able to secure Mr. Rowe's services The Brighton Beach Association pays Mr. Secretary of State Rice then stepped for- howe \$5,000 for his services as starter. ward and administered the eath of office to

To say that "Honest" John Kelly, who uns the notorious dive, assignation house, and gambling hell at the corner of Thirty street and Sixth avenue, was surprised when his eye rested upon THE EVENING Worne's first page yesterday afternoon would be putting it very mildly.

It was the big black headline, "In Kelly's then he was startled to see the familiar, seenes in and about his place, which had been so faithfully and graphically represented by THE EVENING WORLD'S artist, staring him in the face as he ran his eye along the columns It was the first time that the general pub
